LINNC CHINA @HICC - HUANHU INTERNATIONAL CEREBROVASCULAR CONFERENCE

For the 2026 edition, **LINNC China is delighted to establish a new collaboration with the HICC - Huanhu International Cerebrovascular Conference**, which will welcome **LINNC China within its scientific program**.

Each year, the **HICC** gathers **more than 1,000 participants** involved in the field of **cerebrovascular diseases**, making it a major meeting point for the neurovascular community.

This collaboration will enable the delivery of a high-level educational program combining **live cases and recorded case presentations**, specifically designed for the community of neurointerventionists, fostering knowledge exchange and clinical excellence.

Participants will gain in-depth knowledge of the latest advancements in cerebral aneurysms, cerebral arteriovenous malformations, cerebrovascular stenosis, and other cerebrovascular diseases.

This collaboration aims not only to advance the development of neurointerventional medicine, but also to provide a platform for clinical practitioners to inspire, exchange ideas, and jointly propel neurointerventional medicine toward standardization and innovation in China.

About LINNC China program

One of the cornerstones of the LINNC Seminars pedagogy are the **prerecorded cases**, an excellent and well-received tool for **sharing knowledge and offering practical take-home advice** to participants.

Chosen by our course directors, clear and professionally edited, these perfectly illustrated prerecorded cases present the patient and a particular pathology, followed by a concise discussion on the clinical strategies and treatments, the devices used and the techniques employed. The cases are **presented with an ongoing commentary discussed between both faculty and audience**, concluding with a follow-up of the results.

SATURDAY, NOVEMBER 7, 2026

09:00-12:00 Opening Ceremony HICC-LINNC China

12:00-13:00 Lunch

13:00-17:30 AFTERNOON

LINNC China sessions

13:00 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

13:40 Case presentation

13:55 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

14:35 Industry Symposium

15:00 HICC case presentations

16:00 Coffee break

16:30 Industry Symposium

16:40 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

SUNDAY, NOVEMBER 8, 2026

08:30-12:00 MORNING

LINNC China sessions

08:30 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

09:30 HICC case presentations

10:10 Coffee break

10:40 Industry Symposium

10:50 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

11:50 Industry Symposium

12:00-13:00 Lunch

13:00-17:00 AFTERNOON

LINNC China sessions

13:00 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

13:55 HICC recorded case presentations

14:45 The dark side of INR: learning from complications

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

15:30 Coffee break

16:00 Recorded Cases

From Bicêtre Hospital, France and St Michael's Hospital, Canada
Team led by **Laurent Spelle and Vitor Mendes Pereira**

16:50 Closing Ceremony
